**So..... You want your listing to Rank Higher
in eBaY Search Results & Make more
SALES.....???**

Note: This is a bit of a long READ but is Completely FREE & Worth Your time!!!!

Here Goes.....

The Basics of Ebay's "Best Match" system for displaying listings *using it's Current Cassini Algorithm* consists of the obvious in regards to using an appropriate & literate use of keywords in the Title & Description Etc.

Others: Also consisting of Listing End Date, RECENT Sales & Positive Buyer Reviews.

The Ultimate Factor Being: How Recent Sales Have Been / Are Being Made!!!

"Yes, I get that but how do I make the sales in order to get ranked higher in search results for my listings in the first place???" You may ask!!!

Well, believe it or not... Google, Bing, Yahoo Etc. are still quite popular places for people that search for items to purchase and well as information about manuals etc.

This is before they go to eBaY and search listings as a Newbie or Current Member.

Being said: When they do a search for items on Search Engines surprisingly enough a result for a Specific eBaY Item Listing is rare and very vague in Title & Description.

Also, more often than not, the link – "Backlink" is to the search results for that category on eBaY only... **Still not helping right???**

Okay!!!.....Here's The Little Known Secret!!!

Most Website Owners know this about the importance of Backlinks to their Site's Content, The Value of WHERE the Links to their content are placed (other websites & social media), AND AGAIN -The Keywords for Title, Description, Tags, Etc.

These Website Owners see their Backlink Statuses, Visitor Traffic, Etc. through their Websites Admin Panel for Only the Website(s) they own however...I know... I know.. "I don't own a website or selling different item on EbaY".

That's where This / I will FREELY help:

You want **MORE Direct** views to **Your EbaY listing** –Not someone visiting your listing from **SIFTING THROUGH** (seemingly almost endless) **EbaY search results** and moving on...that's not so good for EbaY's Best Match.

Trust that **eBaY's Algorithms** will remember that the "visitors" to that category went to your "item-listing" **FIRST** – Hence thinking your item "Better Matched" search Criteria than other-listings in the "visitors" opinion!

Now when someone is directed **DIRECTLY** to Your Listing via searching Google - etc. there is a chance potential customers will look at other listings...

However, they still visited **You First & Chances are Higher** they will return and **BUY** from **YOU** being **Your Listing** made an **EXCELLENT**– "First Impression" !!! ...right???

>>> Not only that but, YOUR Exact Listing will ALSO have been found via MORE Words in Listing Title than eBaY allows!!! <<<

Okay.....So let's do this.....!!!

I will help you for FREE – But, you must put in some effort to help this Get Going!!!!

I have a Premium Membership to a Service that allows me to Submit **{Spun} Content & Associated Links** to over **100 Social Networking – High Pr "Ranking" Websites.**

{Spun} Essentially meaning: Using "different words" meaning the "same thing" – Like Using A Thesaurus for Synonyms???

This may seem tedious to begin with but - you will become an expert real quick!!!

Remember:

This helps for YOUR links to appear **Naturally & Keyword Rich** - to ALL Search Engines.

So..... As an EXAMPLE for one of the ongoing eBaY listings I have... I wrote:

(Make Sure to use spaces in between {SPUN} Titles/Description and correct "punctuation" so to read well.)

• **Listing – Link:** <http://www.ebay.com/itm/Unlimited-Single-Domain-Web-Hosting-Only-99-Per-Month-/262072814542>

(This is My Listing Link/Address as an example....)

• **Title:** Use at least 3 but up to 20 Versions in the format {title1|title2|title3}

{Cheap|Low Cost|Affordable|Unlimited} {Domain|Web|Website|Business} {Hosting|HostingServices} {Only .99cents Per Month|Only \$0.99 cents Per/Mo}.

• **Description:**

A Minimum of 160 chars to max. 1200 – Try to "spin" every 2nd or 3rd Word

{Web|Domain|Website} Hosting - Unlimited {Made|Created|Offered} At {Affordable|Reasonable|Cost Effective|Budget Friendly} {Prices|Rates}. {Order|Purchase|Buy} Now {with|having} Buyer {Confidence|Safety|Security} {using|following} {the|this} link to our EbaY {Store|Listing}.

• **Tags:** "Comma, Separate, Up To 8!"

Tags Essentially: Keywords or Keyword Phrases - Do a search on Google for keywords- phrases having to do with your product and find/copy the "what others are also searching for" links at the bottom of page...

You'd be surprised how many keywords/phrases we don't think of when we are thinking as a Seller & not in the "Buyers View/Mind"(s)...
